

CAREFREE PARTY ENJOYS SHAD BAKE

More Than Six Hundred Attend
Trip of Trade Board Down
River for Feast of Fish.

Tired limbs and hoarse voices tell the story today of the nineteenth annual shad bake of the Board of Trade at River View yesterday, where more than six hundred members of the trade board and their guests spent a day far from the cares of business and professional life. It was the largest attended shad bake in the history of the board, and conditions were ideal.

Of course, the chief attraction of the day was the dinner, where Chris Gockeler and his dinner committee had their hands full feeding the largest crowd River View ever saw. Before sitting down to the dinner, the members stood and watched the shad, tacked on big oak boards, bake in front of an old-fashioned country fire, out in the open.

Dr. Frank E. Gibson was chairman of the committee on arrangements, and the fact that not a single item had been overlooked testified to the efforts this chairman and his cohorts had put forth.

"Onions" Are Victorious.

The baseball game in the forenoon was won by the Smothered Onions, as predicted exclusively in The Times. The Crushed Violets put up a hard fight but could not equal the strength of the Smothered Onions.

The winning team was captained by W. A. Rogers and the other members were W. E. Burns, Richard Conner, W. J. Hoover, E. J. Murphy, G. L. Iseman, George Hales, Lee Combs, and R. S. Brooks. For winning the game, each member was presented with a certificate which entitles him to four weeks' free "washing" at the Star Laundry.

Capt. George Howard led the Crushed Violets and was supported by George Henderson, Cleveland Skinner, W. J. Weaver, Jr., Clarence Ahalt, J. J. Higgins, Fred White, Elmer Espey, and William Conner.

During the interval between the ball game and the dinner, the crowd was entertained while watching the shad bake by a concert of classical and non-classical music by the special Board of Trade band. Walter Elliott created a sensation by his wonderful ability as a director.

Guests at Head Table.

At the head table at the dinner were Commissioner Cuno H. Rudolph, President Edward H. Evans, C. Graham D. J. Callahan, W. T. Ring, Charles Fairfax, Congressman Brown, Clerk of the House South Trimble, Chief Clerk Jerry South, Doorkeeper J. J. Sinnott, Congressman Harrison, Major Butts, William J. Evans, William West, Congressman Pepper, William F. Guide, and P. V. De Graw.

Immediately after the dinner, the athletic events were started and kept the crowd at a high pitch until time to board the St. Johns for home. The first race was the centipede race, where each entry consisted of four men straddled a short pole.

This race was won by Joshua Evans, A. M. Nevius, Jr., W. T. Poole, and H. J. Kinka. Another team won the lead until John C. Sullivan, one of its members, sprang in the mud.

Egg Race a Feature.

The egg race was one of the features of the day, and was won by J. D. Rogers with B. H. Bryant and O. R. Evans second and third, respectively. C. M. Jones won the fifty-yard dash for guests only, but was hard pushed by W. I. Evans and C. E. Welch, who finished second and third.

The three-legged race was won by George Howard and O. W. Stratton, Richard Conner and W. E. Burns came second, and George L. Iseman and S. Nicholson third. The race was protested by Conner, who alleged unfair start, but the protest was dismissed.

Leroy Mark was a close winner in the fat men's race, in which nearly half of the fifteen entries couldn't stay on their feet to the end. The finish in this race was unusually close. A. M. Poynton finishing but a nose behind Mark—his nose is counted in fat men's races. W. W. Conner won the sack race, Cleveland Skinner came second, and George Hales third.

The last event, the 100-yard dash for guests, brought out the biggest field of entries of any event. It was won by Mark Lansburgh, with Earl Goodman and C. B. Mulverhill second and third.

Before returning to Washington the crowd enjoyed a twilight ride on the St. Johns as far down the river as Marshall Hall. The landing in Washington was made at about 10 o'clock, when the crowd was thoroughly tired, but equally happy.

Appeals to Nation to
Get Brother's Corpse

Balked by the refusal of the Cuban government to give up the dead body of her brother, Miss K. E. M. Dumbell, secretary to Mrs. G. D. Litchfield, 290 Massachusetts avenue, has carried her fight to the United States Government. She and her brother, H. T. Dumbell, of New York, have entered with the State Department an appeal that the remains of their brother, Hugh Setwyn Dumbell, be brought here.

Rheumatism Can Be Cured

There is no sense in suffering untold tortures when you can be well. No matter how bad your case, others just as bad have been cured by Milo's Rheumatic Cure. It never fails to bring speedy relief, and, if you continue the treatment as directed, it will effect an ultimate cure. Don't give up hope because you have tried all sorts of things without obtaining relief. It will cost you little to try this, and it will PROVE its benefit to you in a very short time.

Rheumatism—muscular, inflammatory, articular and gelatinous, humors, and neuralgia, are all caused by an excess of uric acid poisoning the system. Milo's Rheumatic Cure is a marvelous uric acid solvent, and it effects its wonderful cures by removing the cause of the disease. The hands of well authenticated cases, many of them seemingly hopeless, have been cured by this remarkable remedy, and there is no reason why you cannot be cured with equal facility. It is receiving unstinted praise from sufferers who have at last found a remedy for the obstinate and painful diseases produced by uric acid poison.

COUNCIL DECISION STIRS ALEXANDRIA

Diocesan Meeting Resolves That Pastors Should Require Certificates of Health Before Performing Marriage Ceremony.
Miss Matilda McWilliams Dead.

WASHINGTON TIMES BUREAU,
ALEXANDRIA, VA., MAY 25.

Despite the passage of a resolution by the Diocesan Council of the Protestant Episcopal Church, in Charlottesville Thursday, setting forth that it is desirable that ministers of the diocese of Virginia shall declare their determination to perform the marriage ceremony of the church only when the man to be married shall obtain from the family physician of the intended bride a certificate of freedom from communicable disease, no immediate action will be taken by the Episcopal clergy in Alexandria looking to the enforcement of the resolution.

The announcement of the passage of the resolution, which is a decided departure from the custom of the diocese heretofore, marked the proceedings of the Episcopal church in Virginia and places it foremost among the dioceses in the United States. In works of a social nature, has created a small sized sensation in Alexandria, where the three Episcopal churches number among their membership many of the wealthiest and most prominent families of the community.

The resolution is the result of a year's work by the social service commission of the diocese, of which the Rev. Dr. W. Russell Bowie, of Richmond, is the chairman.

The Rev. P. Parker Phillips, rector of St. Paul's Church, declared that he

would take no action in the matter until he had been advised by either the bishop of the diocese or the secretary of the council. He was of the opinion that the council could not take such an important step by a simple resolution, but should consider it in a more deliberate manner. He thought the action of the council was a decided step in the right direction but fears that too much responsibility was placed on the clergy. He believes that a certificate of freedom from disease should be required by the clerk of the court before a license is granted.

The Rev. William J. Morton thinks that the time is not ripe in Alexandria for the strict enforcement of the resolution. He believes that it will require several years of education of the public before he will be able to obtain the co-operation of physicians and others to take a stand on the matter that will be effective. Mr. Morton is a strong advocate of the position the church has taken.

Miss Matilda McWilliams, daughter of the late John McWilliams for many years a merchant in Alexandria, died at

her home in Fairfax county, two miles south of Alexandria, yesterday. Miss McWilliams had been ill many years. She is survived by a brother, John McWilliams, and a sister, Miss Margaret McWilliams. The funeral will take place tomorrow morning at 9:30 o'clock from St. Mary's Catholic Church. Interment will be made in St. Mary's Cemetery.

Harrison Kirk, Jr., is critically ill at his home on North Columbus street.

Major James E. King, of the First Virginia Regiment; First Lieut. H. Noel Garner and Sec. Lieut. G. C. Trenary, of the Alexandria Light Infantry, and Lieut. Conrad Johnson, battalion quartermaster, on the staff of Major King, are attending the camp of instruction for officers of the Virginia militia, which commenced in Staunton this morning.

The closing exercises of the Alexandria Fresh Kindergarten will take place next Thursday.

Divorced Man Fined
For Marrying Again

CHICAGO, May 25.—Carlton Prouty, a wealthy real estate dealer of Winnetka, was fined \$50 and sentenced to serve three months in the county jail by Judge Tuttle, in the circuit court here, Prouty was found guilty of contempt of court for having violated the Illinois law which prohibits the marriage of divorced persons within one year.

Judge Tuttle also severely censured Prouty for having married his former stenographer, Miss Marie Buescher, at LaPorte, Ind., four days after his wife had obtained a decree of divorce. The court also indicated that the marriage of Miss Buescher and Prouty would be annulled.

His majesty's condition has improved, his temperature is 102.74 degrees Fahrenheit, his pulse 85, and his respiration 25.

His majesty is cheerful, takes nourishment regularly, and his heart action is strong.

EMPEROR OF JAPAN IS OUT OF DANGER

Physicians Say Ruler Needs
Only Careful Nursing to Insure His Recovery.

TOKYO, May 25.—Emperor Yoshihito is now considered practically out of danger, according to the statement issued by Count Watanabe, the imperial master of ceremonies, this morning. The Emperor passed another favorable night, and as the crisis was reached Friday night, it is believed only careful attention is necessary to restore his majesty to health.

The Empress has shown the utmost devotion. She still refuses to leave the bedside, and acts as nurse, insisting upon personally giving the Emperor his medicine and food.

Last night the Emperor said: "I feel much better. Tomorrow being Sunday, I hope that you will all take a rest."

The bulletin issued by the court physicians in attendance on Emperor Yoshihito at 4 o'clock yesterday afternoon said:

"His majesty's condition has improved, his temperature is 102.74 degrees Fahrenheit, his pulse 85, and his respiration 25."

His majesty is cheerful, takes nourishment regularly, and his heart action is strong.

Brooklyn Gets Four Tons of Postal Cards

PORTLAND, Me., May 25.—Four tons of postal cards have been sent from the postoffice here to Brooklyn, N. Y. Word was received from Washington to ship surplus postal cards from here, and when the stock in the vaults was gone over, four tons of cards were discovered, a two-hour day being required to take them to the express office.

FREE TO THE RUPTURED
TRIAL OF FLAPAO

Awarded Gold Medal and Diploma Over All Competitors, International Exposition, Rome, and Grand Prix, Paris.

STUART'S FLAPAO-PADS are a wonderful treatment for ruptures, curing as they do the worst forms in the privacy of the home without hindrance from work and at slight expense.

RUPTURE CURED
by STUART'S FLAPAO-PADS means that you can throw away the painful truss altogether, as the Flapao-Pads are made to cure rupture and not simply to hold it, but as they are made self-adhesive, and when adhering closely to the body slipping is impossible, therefore, they are also an important factor in retaining rupture that cannot be held by a truss. NO STRAPS, BUCKLES OR SPRINGS. Soft as Velvet—Easy to Apply. Flapao Laboratories, Inc., 100 N. 1st St., St. Louis, Mo., is sending FREE trial Flapao to all who write.
